

*Dear Carly's mother,*

*Recently, your daughter came to us in hopes of becoming one of our Aurors. Her application does a fine job of describing her wand skills as well as her abilities to combat the Dark Arts. Nevertheless, while she included two letters of recommendation - from Rubeus Hagrid and Dolores Umbridge - one more letter is needed in order for Carly to be considered for the open position.*

*Would you kindly write for us a letter of recommendation that speaks to Carly's work ethic as well as the kind of person that she is. For each attribute that you provide, it would be wonderful if you were to support your claim with specific examples from her life.*

*Finally, please keep in mind that what you submit must be in letter format, from you to the Ministry of Magic.*

*Sincerely,*

*Rufus Scrimgeour*
